

The Federal Aviation Administration (FAA) has announced their ECG Modernization Project for Senior Aviation Medical Examiners

GlobalCardio™ 12 Lead

- Cloud based - WEB Enabled
- Auto Interpretation
- ECG Review & Editing Tools
- ECG Reporting
- 3 Year Replacement Warranty
- 24 hour Support
- Cost Effective

CARDIOCOMM SOLUTIONS IS LISTED WITHIN THE ECG MODERNIZATION PROJECT FAA WEBSITE AS A ECG CLOUD SERVICES PROVIDER.

If your existing cardiology systems and equipment are not capable of exporting a PDF ECG report, you have the option to:

Acquire cloud-based virtual ECG services to perform ECGs which render PDF reports on your AMCS workstation. CardioComm Solutions Global Cardio System will enable you to generate a PDF file for each ECG you perform for your airman.

CLICK HERE FOR MORE INFORMATION

DEADLINES:

The ECG Modernization Project deployment will be on or around August 8, 2014.

The ECG system used prior to the modernization deadline will be taken offline no later than September 22, 2014.
